Kristie & Tom,

I see what you have done. You have incorporated some of Tom's edits into my pared-back version, and I think it works nicely.

**Ex. 5 - Deliberative**

Nice job, and thanks!

-Don

Tom,

I was concerned with the length of the bullets in our answer section. OW has been reworking all of Q&As to cut them way back. Don reworked the Q&A to more concise bullets and I think your e-mail crossed with his.

How about this version? I've tried to work-in some of Tom's edits and it includes Don's shorter response. If you remove the edits, it gets us to one page. Will the attached version work?

Thank you,  
Kristie

With the markup removed, this fits on one page. Don and Lynda – let me know if I did too much violence to the text;

**Importance:** High

Kristie,

Here's the requested 1-pager on the Oregon CZARA decision for the upcoming Appropriations Hearings. It is indeed stitched together from the rollout plan & approved talking points.

Lynda,

Same format as your NWQI Q&A. Strictly limited to 1 page. 12 font, Times New Roman. Answer limited to 3 concise bullets. OW has been reworking our Q&As to make them more concise. Attached is one of our revised Q&As.

**Subject:** FW: FYI FINAL rollout and Q&A for Oregon CZARA

Thank you, Lynda.

In a "no rest for the weary" vein: at FY 16 budget prebrief today, we decided we should ask you to develop a budget Q and A about the OR CZARA decision. Kristie can provide model format and deadline. Hopefully it's a matter of stitching together some material from the roll-out package.

**Subject:** FINAL rollout and Q&A for Oregon CZARA rollout

All--

Please see attached for the final rollout plan, key messages, and Q&A regarding NOAA and EPA's decision to disapprove Oregon's Coastal Nonpoint Program. A few adjustments were made to make sure our discussion of the penalties and how we talk about the action we're taking aligns with statements made in other documents.

The first key message was also adjusted a bit based on feedback from NOAA folks downtown.

All--

In prep for tomorrow's coordination call on the rollout of NOAA and EPA's joint decision on Oregon's Coastal Nonpoint Program (CZARA), I wanted to send along an updated rollout plan (attached).

During the coordination call tomorrow I hope we can go over the following to make sure we're all on the same page and confirm who has lead and who should be involved in each activity:

1. Press release/timing/coordination with state?
2. Hill notification/briefing/timing
3. Update on other rollout activities (notify state, FRN publication, etc)
